INSURANCE LITIGATION SEMINARS 2024

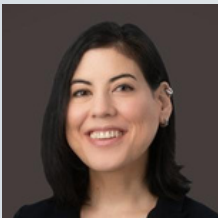

Providing you with world-class legal services is only part of our job. Teaching you about the law is the other.

Our complimentary Insurance Litigation Seminars will provide you with the knowledge and strategies you need to provide claims services with less legal assistance, thereby reducing your costs while maintaining the level of services your clients expect.

This year we are offering 24 Seminars on a variety of topics ranging from indemnification to assault and battery, each of which has been thoroughly researched and vetted by our Insurance Litigation Lawyers and Partners. Each Seminar will be customized to suit your needs and can be accredited with the Alberta Insurance Counsel upon request.

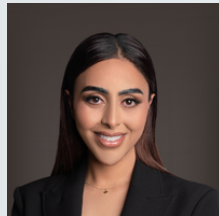

If there is a topic you are interested in that our Seminars do not cover, let us know and we will prepare one that does.
